DECLARATION BY JON HOLLAND IN SUPPORT OF PETITION
UNDER 37 C.F.R. §1.47

Commissioner for Patents
Box: Patent Application
Washington, DC 20231

Sir:

1.

I, Jon Holland, am an attorney representing Agilent Technologies ("Agilent") in the above-identified matter. As evidenced by a copy of an Assignment submitted herewith as Exhibit B, one of the inventors, Annette Grot, of the above-identified application has assigned her interest in the application to Agilent. Further, it is believed that the contribution of the other inventor, Thomas Mikes, was conceived while he was an employee of Agilent and that Mr. Mikes is under an obligation to assign his interest in the instant application to Agilent.

2.

Mr. Mikes is no longer employed by Agilent. From about October of 2002 to March of 2003, subsequent to Mr. Mikes employment with Agilent, I contacted Mr. Mikes on numerous occasions regarding the instant application. Although I had difficulty reaching Mr. Mikes and scheduling times for discussing the application, Mr. Mikes on several occasions willingly provided a description of the subject matter of the instant application.

3.

However, some time around or shortly after March of 2003, Mr. Mikes inexplicably stopped returning my telephone calls and e-mail messages. Since March of 2003, I have attempted to contact Mr. Mikes on numerous occasions using the same telephone number and e-mail address that successfully reached Mr. Mikes between October of 2002 and March of 2003. The foregoing telephone number has not been disconnected, and my e-mail messages have not been returned to me. It appears that Mr. Mikes is simply refusing to return my messages.

4.

After receiving Ms. Grot's approval to file the instant application, I attempted to contact Mr. Mikes one final time on or around November 17, 2003. Using the aforementioned telephone number and e-mail address, I left telephonic and e-mail messages informing Mr. Mikes that I was ready to file the application and that I needed his signature for the patent application's Declaration. As of the date of this Declaration, Mr. Mikes has yet to respond to my messages.

5.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Jon E. Holland", is written over a horizontal line.
